

DATE:

ORGANIZATION/PROGRAM:

ACTIVITY LEADER:

GROUP NAME:

**CURRICULAR COMPETENCY & OUTCOME:**

Students develop and demonstrate movement skills in a variety of activities.

## Throwing 2.4: Toss through blockers

5 - 8 year olds

**TIME:** 30 minutes

**SKILL:** Object Manipulation

**EQUIPMENT:** Pinnies, bean bags or small balls, small blow up pool or box

### Introduction (1 - 2 minutes)

Greet the children and ask them to sit in a circle.

Explain any special safety rules for the day.

Remind children to stop, look, and listen when you signal (e.g. blow whistle).

*Today I would like you to think about how your body moves when you throw underhand.*

## Warm-up: Colour tag (5 - 8 minutes)

- Leader divides children into 4 equal groups.
- Each group is wearing a different colour pinnie.
- Leader will call out a colour that will be “it”.
- The team that is “it” tries to tag members of the other teams.
- When a child is tagged they must freeze in a “star” position.
- To rejoin the game, another team member must “high-five” the star and then crawl under the star’s legs.
- Leader changes what colour is “it” every few minutes.

### TIPS FOR INSTRUCTION

- Repeat activity with different locomotor movements:
  - » *walk*
  - » *run*
  - » *gallop*
  - » *skip*
- If there are no pinnies, children can hold coloured balls and tag the other children while holding onto the balls.

## Demonstration: Underhand throw (1 - 2 minutes)

- Leader demonstrates an underhand throw to partner.
- *Look at your target.*
- *Step forward with the foot opposite to your throwing arm.*
- *Swing your throwing arm and follow through as you release your bean bag.*
- *After you release your bean bag, your hand should be pointing at your target.*

## Practice: Hot potato (5 - 8 minutes)

- Leader organizes children into pairs.
- Designate two lines (e.g. floor markings) where each partner stands to face the other, so all pairs can throw in parallel.
- One bean bag or small ball per pair.
- *When the music starts, you must throw your ball or bean bag underhand to each other.*
- *When the music stops, everyone “freezes” and stops throwing.*
- *All children with a bean bag or ball in their hand must do 5 jumping jacks.*
- Repeat activity a few times.

## Game: Toss through blockers (8 - 10 minutes)

- Leader uses cones to form a medium-size circle in the centre of the activity space (or uses an existing circle floor marking).
- Leader then uses cones to form a much larger box around the circle (or uses existing floor markings).
- Leader places a hoop at each corner of the box and fills each hoop with several bean bags.
- Children stand outside the box and try to underhand toss one bean bag at a time into the centre circle.
- 4 children stand in the centre circle and use their hands, feet and body to block bean bags from getting inside.
- Game ends when all bean bags have been thrown.
- Have the children clean-up and reset the game.
- Choose 4 different children to be the blockers each time.

### TIPS FOR INSTRUCTION

- Music can be used to start and end the game.
- Four throwing locations can be identified, and only one child permitted to throw from each location at one time (easier for blockers).
- Leader can occasionally shout “freeze” to give tips to throwers and blockers.

### CUES

- *Face target*
- *Step with opposite foot*
- *Swing throwing arm*
- *Follow through*

## Wrap-up (1 - 2 minutes)

Ask children to sit quietly in a circle.

Review what they learned today.

*What do your legs do when you throw a ball at a target? What do your arms do?*
